HOUSE OVERRIDES PRESIDENT'S VETO

ADOPT RESOLUTION STOPPING REGULAR ARMY ENLISTMENTS

This Will Continue Until Army Is Reduced to 175,000 Men --Vote On Veto 271 to 16 --Sixteen Democrats Vote to Uphold Veto--Ninety Two Vote to Override.

(By The Associated Press)
WASHINGTON, Feb. 5.—The joint resolution directing the stopping of enlistment until the regular army is reduced to 175,000 men was passed tonight by the house over President Wilson's veto.
The veto was overridden by a vote of 271 to 16, one member voting "present."
The president's veto message was not read to the house until six hours after its formal delivery, but once read, action was swift.
Representative Mondell of Wyoming, Republican leader, said the message presented no arguments that had not already been before the body and that further discussion was unnecessary. He asked for an immediate vote.
A motion to adjourn, offered by Representative Wingo, Democrat of Arkansas was voted down overwhelmingly.

SIXTEEN VOTE TO SUSTAIN.
All of the sixteen members voting to sustain the president were Democrats. They were: Bland, Va.; Campbell, Penn.; Cleary, New York; Coady, Maryland; Egan, New Jersey; Fisher, Tenn.; Goss, Missouri; McAndrews, Illinois; Minnehan, New Jersey; Pell, New York; Raker, California; Sims, Tenn.; Tague, Mass.; Weaver, N. C.; Welling, Utah.
Lee, Democrat, Georgia, voted present.

Those voting to override the veto included 92 Democrats.
Action is expected to be taken on the veto early next week in the senate where it was said prospects were favorable for overriding the president.
President Wilson in his veto message informed the house of representatives that he was unable to see in the condition of the world, or in the needs of the United States any such change as would justify reduction of the force from the 280,000 men decreed upon by congress last year as a peace time force.

Troops Clash With Workmen In Chile

SANTIAGO, Chile, Feb. 5.—Sixty-six workmen were killed in a clash with troops at the San Agustin Nitrate Plant in Antofagasta province Thursday according to a despatch published by El Mercurio.
The first reports received Friday placed the casualties at 23 killed but made no mention of workmen's loss. Later, additional reports showed that the number of soldiers dead to six, but there were many reports today that the troops had suffered heavier losses.
Several workmen took possession of the plant after an encounter with the small garrison but were driven out by reinforcements, who eventually restored order. No deaths have been received regarding the direct origin of the trouble.
President Alessandri and the ministers of interior and war held a conference last night and it is said that the situation in the nitrate district was lengthily discussed, measures being approved to provide assistance for the thousands of workers unemployed there.
At the same time steps were taken to prevent a recurrence of the disorders.

RAILWAY HEADS ARE OPPOSED TO FURTHER DELAY

Wants Railway Labor Board to Insist on Answer

PUBLIC ENTITLED TO IMMEDIATE RELIEF

(By The Associated Press)
CHICAGO, Feb. 5.—Railroad representatives came to the front again today in the controversy over national working agreements now before the United States railroad board when they filed a letter from W. W. Atterbury of the Association of Railway Executives protesting against further delay in action on his request for immediate abrogation of the agreements.
General Atterbury's letter, addressed to E. T. Whiter, chairman of the carriers' committee before the board said he was informed the employees had asked further postponement of their reply to the Atterbury request.
At the office of D. M. Jewell, representing the employees affiliated with the American Federation of Labor it was said no such postponement was contemplated and members of the board said they had received no such request.
"This is not in any sense a protest against Mr. Jewell having his day in court," General Atterbury's letter said. "I fully appreciate the desire and obligation of the labor board to deal with both parties in utmost fairness."
"But, if Mr. Jewell were required to make his answer on Monday next, he would have had an entire week in which to prepare it. Under all these circumstances I think we are fully justified in protesting against any postponement of the right to be heard, for the purpose of delaying the time when the board can, with propriety, give relief to which the employees and the public are entitled."
Mr. Jewell's reply was scheduled for last Thursday but upon his request, it was postponed until next Monday, when the board convenes the fifth week of the hearing.

WAS NOT A PROTEST

"This is not in any sense a protest against Mr. Jewell having his day in court," General Atterbury's letter said. "I fully appreciate the desire and obligation of the labor board to deal with both parties in utmost fairness."
"But, if Mr. Jewell were required to make his answer on Monday next, he would have had an entire week in which to prepare it. Under all these circumstances I think we are fully justified in protesting against any postponement of the right to be heard, for the purpose of delaying the time when the board can, with propriety, give relief to which the employees and the public are entitled."
Mr. Jewell's reply was scheduled for last Thursday but upon his request, it was postponed until next Monday, when the board convenes the fifth week of the hearing.

HORRORS OF GAS WARFARE PICTURED

Representative Says Nations Are Expected to Make It Still More Deadly and Frightful

(By The Associated Press)
WASHINGTON, Feb. 5.—The horrors of gas warfare were pictured today in the House by members opposed to an appropriation of \$1,500,000 for the chemical warfare service of the army. An amendment by Representative Montgomery, Democrat, Virginia, to cut the amount to \$1,000,000, however, was voted down and the amount carried in the army appropriation bill remained unchanged.
Chairman Campbell of the rules committee when questioned of the floor said no rule had been reported under which the railroad bill could be brought up and given right of way. If taken up under suspension of the rules the measure could be passed only by a two-thirds vote.

SLEEPING SICKNESS CASES INCREASE

Cleveland, O., Feb. 5.—An increase in the number of cases of sleeping sickness in Cleveland within two weeks from ten to eighteen, with nine deaths from the disease in January was reported by Dr. Rockwood, city health commissioner. There were only 14 deaths last year. The 18 cases reported here compare the largest number at one time so far on record. One man died from the disease today.

FOUND GUILTY OF ROBBERY POST OFFICE

Dallas, Tex., Feb. 5.—Albert L. Rowan, 26, and W. S. Schreyer, charged with robbing a substation postoffice here January 14, were found guilty by a jury in federal district court today.
Rowan and Luna were sentenced to 25 years each in federal penitentiary and sentence on Schreyer withheld at request of the government.

SHIP CORPORATION THREATENING BOLT OF ITS AGREEMENT

Object to Shipping Board's Competition Policy

AMERICAN MERCHANT MARINE TOTTERING

(By The Associated Press)
NEW YORK, Feb. 5.—Intimation that the American ship and commerce corporation of which W. A. Harriman is the head, might bolt the agreement between competing coast to coast steamship lines covering freight rates, was made here today by Mr. Harriman.
Speaking before the National Republican Club which Chairman Benson of the shipping board and Frank A. Vanderlip of the American International Corporation. Mr. Harriman attacked the board's policy of putting its war time tonnage in competition with privately owned vessels in the Panama Canal trade. He said it might come to a question of his company's treasury against that of the shipping board's.
Merchant Marine Tottering.
Mr. Harriman referred to the American merchant marine as tottering, but said he believed the problem would be solved.
Existing laws governing shipping were condemned by the speaker as detrimental to successful competition with foreign vessels and he advocated a revision of these laws or direct or indirect subsidies.
Reduction of the cost of operation was declared by Chairman Benson to be the aim of the shipping board.

ADMIRAL BENSON SAID

Admiral Benson said that "it was fortunate" the shipping board had not disposed of its vessels at low prices for the reason that with the distressed conditions now prevailing in world shipping it would have produced a catastrophe.
World wide economic problems of which, he said, shipping was but a part were discussed by Mr. Vanderlip. He advocated an unselfish view of the world's business, and attributed the present unsettled conditions to an unusual interruption of the routine of business.

LIVELY FILIBUSTER DELIGHTS GALLERIES

Was Started by Refusal of Mondell to Answer Inquiries on Winslow Railroad Relief Bill

(By The Associated Press)
WASHINGTON, Feb. 5.—Refusal of Representative Mondell, Republican leader, to answer inquiries as to whether the Winslow Railroad relief bill would be called up Monday led to a lively filibuster today in the house. It kept up for several hours to the delight of the crowds in the gallery.
The Winslow bill, reported by the interstate commerce committee, would permit partial payment to the railroads of funds due them under the guarantee provisions of the transportation act. By ruling of the committee of the house, all funds have been held up so long that the committee testified the roads were in such distress that immediate payment on account was essential.
Chairman Campbell of the rules committee when questioned of the floor said no rule had been reported under which the railroad bill could be brought up and given right of way. If taken up under suspension of the rules the measure could be passed only by a two-thirds vote.

SAYS NO DANGER OF BUSINESS COLLAPSE

NEW YORK, Feb. 5.—Discussing credit expansions arising from the participation of the United States in the war, W. P. G. Harding, governor of the federal reserve board, in an address before the lawyer's club here today minimized the danger of a business collapse or financial crisis.
"I say this is all candor," Mr. Harding asserted. "We are now looking forward to a year of constructive development. I want to say that intrinsically there is no comparison today with conditions a year ago when there was uneasiness and apprehension among the best informed over the badly expanded credit."
Business is now rapidly reaching a new level and approaching a sane basis. We have a better banking situation. We have passed the danger point. We have a better understanding of conditions.

BANDIT'S GET \$26,100 IN BONDS

St. Louis, Mo., Feb. 5.—A check by local postoffice inspectors revealed today that \$26,100 in Liberty bonds, comprised the loot of five bandits who on Friday evening kidnaped a post-office messenger in St. Charles, 20 miles west of here and brought him to this city, where he was released.

PLAN BUILDING OF FOUR HIGH SPEED AIRPLANE CARRIERS

Plan Four Vessels to Cost \$24,600,000 Each

ADVOCATES UNITED AIR SERVICE

(By The Associated Press)
WASHINGTON, Feb. 5.—First steps looking to the construction of a fleet of modern high speed airplane carriers for the United States navy were taken today in congress. Senator Gerry, Democrat, Rhode Island, introduced an amendment to the naval appropriations bill providing for the construction of four such vessels to cost not more than \$24,600,000 each.
Before the house naval committee Representative Britten, Republican, Illinois, and Representative Oliver, Democrat, Alabama, announced that they would present bills each providing for two airplane carriers.
Advocates United Air Service.
General Mitchell concluded his testimony before the house committee today in advocacy of a united air service. He told the members that the plan would save the government money and would place the air service under flying officers who would be interested in developing every possibility of the air in warfare. Under present conditions in both the army and navy he said aviation is under officers who are unsympathetic.

THE SENATE NAVAL COMMITTEE

The senate naval committee today continued its hearings on Senator Bohan's resolution to suspend naval building for six months while experts study type of ships. An unfavorable report on the resolution has already been made by a sub-committee. Rear Admirals Sims and Flaks, appearing before the committee today in executive session opposed the resolution.

BOLSHEVIK FORCES THREATEN TO OCCUPY ARMENIAN TERRITORY

Americans Say That Country Bitterly Opposed to Rule

REDS MAY OCCUPY ENTIRE COUNTRY

(By The Associated Press)
NEW YORK, Feb. 5.—Red armies are occupying Erivan, capital of Armenia, and Alexandropol, railway center, a cable message received by the Near East relief today reported.
Americans in Armenia, the message said, interpret the advance of Bolshevik troops to mean that Armenians are so bitterly opposed to the soviet form of government as to be prepared to fight to the death to prevent the Bolsheviks from occupying the entire republic and either abolish or control the government by military force.

TURKS EVACUATE ALEXANDROPOL

Turkish Nationalist troops which were in Alexandropol evacuated the city before the advance of the Bolsheviks, the message said.
Forty thousand refugees have fled from the Moslem region because of the combined movement against the British by Bolsheviks, Turks and Kurds is added. Near East relief workers suggested that ten thousand of these homeless people emigrate to the United States. This question is to be taken up with the state department, it was announced at the organizations headquarters.

ANOTHER GANG MAN GOES TO PRISON

SAN FRANCISCO, Feb. 5.—Thomas Brady, criminal gang suspect, was found guilty by a jury here today of assault with intent to commit a felony on Jean Stanley. It was his second trial. The maximum penalty is fourteen years in prison.
Brady is the fifth of a group of criminal gang suspects here to be convicted for attacks on Miss Jessie Montgomery of Reno, Nevada, and her companion, Miss Stanley last Thanksgiving. The conviction closed the lower court hearings of the group held here for a series of gang activities that led to the shooting and killing of three peace officers in Santa Rosa and the lynching of their three supposed slayers.

PAY LITTLE ATTENTION TO GOVERNMENT EDIT

Berlin, Feb. 5.—Dispatches from Munich report that little attention is being paid to the Bavarian government's recent edict suppressing all carnival celebrations in view of the situation created by the allied repatriation demands. Many public balls and entertainments are being given in Munich, but it is stated the organizers will be prosecuted.

Mrs. Harding Visits Theatre Incognito

NEW YORK, Feb. 5.—Mrs. Warren G. Harding, future "first lady" tonight slipped unnoticed into a fifth row orchestra seat of a theater and watched the performance unhindered by a curious public who had not the faintest idea that New York's distinguished visitor was in their midst.
Altho Mrs. Harding has spent six arduous days here selecting gowns for her White House wardrobe, she said tonight, she had been greatly rested by her visit.
Shopkeepers and modistes who were honored by purchases from Mrs. Harding made all haste in preparing the orders and when she leaves for Washington shortly after noon tomorrow her new clothes will go with her. They were delivered to the hotel this afternoon and tonight.
Only one interruption came today in the final hours of selecting gowns. That was when two girl Scouts came to the hotel and asked to be allowed to present Mrs. Harding with a bouquet of orchids. They were shown to her suite where they were told by Mrs. Harding: "If I had my life to live over again, I would be a girl Scout."
For the first time since her rival, the wife of the president, posed for a motion picture camera man.

ANGLO-JAPANESE ALLIANCE COMES UP FOR DISCUSSION

Ask English Attitude in Case of War With U. S.

THIS COUNTRY WAS NEVER CONSIDERED

(By The Associated Press)
TOKIO, Feb. 5.—(By The A. P.)—Questioned in the diet today whether the Anglo-Japanese alliance obligated Great Britain to assist Japan and the United States, Viscount Uchida, the foreign minister replied that the United States never had been considered as a country to which the terms of the alliance applied and that Japan and Great Britain had agreed to regard the peace mission agreement of 1911 as equivalent to the general arbitration referred to in Article IV of the alliance of 1911.
Representative Uchida asked whether Japan had ever been notified that the interpretation of Article IV would be altered as a result of the conclusion of a general arbitration treaty with the United States.
Can't Give Out British View.
Viscount Uchida replied to the negative, but said that opinions were exchanged while the arbitration treaty was being negotiated and he regretted that consideration of diplomatic secrecy prevented publication of the British view.
Then Uchida asked if Great Britain considered herself exempt from the obligation of assisting Japan in the event of a Japanese-American war.
The foreign minister in reply said that the general arbitration had not been concluded the peace commission agreement of 1911 was regarded as an equivalent.
"So far as I know," he added, "the United States was never considered when the alliance was concluded and Article IV was never meant to apply to the United States."

Asked what policy would be adopted when the alliance was again revised

Viscount Uchida declared that due regard would be paid to the notification given to the league of nations last July by England and Japan.

Director of Geological Survey Says It Should be Prevented From Going Too High or Too Low

(By The Associated Press)
WASHINGTON, Feb. 5.—Regulation of the coal industry to prevent prices rising too high or going too low was advocated today before the Senate committee considering the Calder coal regulation bill, by Dr. George Otis Smith, director of the geological survey.
Further light on coal mining profits of 1920 also was developed by re-examination of David L. Wing, statistician, employed by the Calder investigating committee who cited some cases where operators took as much as \$7.91 profit margins on coal that cost \$4.12 to mine.
The lowest profit per ton he estimated was \$1.72 a ton, but only June, July and August earnings were considered.

Seeking to Trick U. S.

European and Asiatic nations, he added, are seeking to "trick" the United States into naval inaction and then under the guise of a merchant marine these nations will prepare a navy of commercial ships sufficient to drive America off the trade seas, and of aircraft powerful enough to prevent America rescuing the isolation."
Mr. Lewis declared that American foreign trade under present conditions depends upon an American navy and will survive or fall on America's ability to enforce her place in the world and her strength of defense to hold her own when she gets in.

Berlin, Feb. 5.—Admiral Count Friedrich von Baudissin, former chief of the German admiralty staff is dead.

ACQUITTED OF MURDER

Quincy, Ill., Feb. 5.—Cecil Potter, farmer, of Adams county, who has been on trial for the last five days charged with the murder of Walter Enlow, his hired man, last October was found not guilty this evening.
The jury took only one hour, Potter's plea was self defense.

CLAIM IS RIGHTEOUS AND MUST ENFORCE IT SAYS LLOYD GEORGE

Advices Germany to Accept the Bill of Reparations as Formulated by the Supreme Council—Says He Does Not Believe That Germany is Trying to Stabilize Exchange

(By The Associated Press)
BIRMINGHAM, England, Feb. 5.—The British prime minister's advice to Germany is to accept the bill for reparations as formulated by the supreme council at Paris.
"Our claim is a righteous one and we must enforce it," Mr. Lloyd George declared in a speech here today when he received the freedom of the city of Birmingham. He replied to the speech in the reichstag recently by Dr. Walter Simons, in which the German foreign minister stated that the reparations plan could not be accepted by Germany as a basis for negotiations.

"A great part of this speech,"

the premier said, "was based on a complete misconception of what had been done at Paris. Such misconception could be cleared up in the forthcoming London conference. If a full bill were sent to Germany according to the forthcoming London conference. If a full bill were sent to Germany according to the Versailles treaty she would be compelled to accept it but I fail to see how that would improve matters and I very respectfully advise Dr. Simons to take the Paris bill."

If he has any alternative proposals

the premier said, "he is prepared to consider them so long as the proposals represent a bona fide effort to liquidate the liabilities of Germany. We are willing that Germany should pay us under conditions which best suit her own means, requirements and resources but if it is a mere attempt to evade payment we cannot put up with that."

Monthly Bond to Pay

Mr. Lloyd George called attention to the fact that before the last election he had emphasized that Germany was morally bound to pay for the wanton damage she had inflicted but that one could only get from a debtor what the latter was capable of paying.

Germany he said had not yet

been taxed to the level of Great Britain and France and it was intolerable that a country held responsible for the war and which had suffered no damage should have a lighter burden than her victims. Speaking at a banquet tonight the premier again referred to Germany.

"Exchanges will have to be

stabilized," he said. "I have an idea that Germany is not trying to stabilize hers."

Germany, Mr. Lloyd George

continued, was a strong and powerful nation and she should be made to pay. He would tell Dr. Simons when he met him shortly in London that Germany was not making a real effort to pay her way.

Referring to some conditions

the premier minister declared that the nation simply was going through difficulties inevitable after a great war, but he did not doubt it would weather the storm as it did after the Napoleonic wars.

"Let us stand together,"

Mr. Lloyd admonished. "It is unity that will enable us to win. This is no time to be pulling both ways."

Some of the big men in the coal
industry long ago declared that ex-
port trade had nothing to do with
the high price of the shortage
which existed a few months ago.
Statistics show that during 1920
something like 34,000,000 tons of
coal was exported. This was
nearly 100 per cent increase over
1919.

It will be difficult to make the
public feel sure that the heavy ex-
ports of coal had no relationship
to the high price period.

Members of the Morgan county
board are not feeling at all badly
because they failed to make a pur-
chase of road oil about two weeks
ago; when bids of about 8 1-2c
were submitted. Now the price has
dropped 3c per gallon and at that
figure is certainly near the bottom.

Probably the continued newspa-
per notoriety given Mrs. Had-
ling's shopping tours and her
choice of "blues" and "purples" is
just as distasteful to the first lady
of the land as it is to the average
reader. One or two stories might
be counted interesting, but now
the subject palls.

Critics of Congress and especial-
ly of short term sessions when ad-
ministration changes are pending,
have plenty of argument furnished
by the present Congress. The
session is rapidly drawing to a
close, yet the record of any really
important work done must still be
written. Important measures have
been discussed and discussed and
the very men who took part in
these debates knew that there
would be no resulting legislation.

A letter from Representative
Sealey which appears elsewhere in
this issue indicates that a con-
siderable portion of the hard road
connecting Springfield and Jack-
sonville will be reconstructed dur-
ing 1921. This will be a piece of
good news to all the county. The
actual construction of such a con-
siderable mileage will increase lo-
cal faith in the good roads pro-
gram and awaken a greater inter-
est in bettering road conditions all
over the county.

**JUDGES AND THE
ENDORSEMENT PROGRAM.**
Attorneys in several counties in
this judicial district have endorsed
the movement for the re-election
without opposition of the three
judges now serving. Some attor-
neys, however, do not look with
favor on this plan, not because
they are partisan, but they sense
an unfortunate situation in mem-
bers of a bar in any given county
being asked to endorse the judges
now serving.

If they were personally in favor
of the re-election of one or two
of the officials, and not all of them,
there is embarrassment. Then it
is quite possible that some attor-
neys who are personally favorable
to the judges have a feeling that
if they formally endorse them and
then other officials are nominated,
that the situation will be awk-
ward.

The attorney who opposes the re-
nomination of these judges and
then finds that they are nominat-
ed, is not in a pleasant position.
The attorney who favors their
renomination and then finds them
unsuccessful in the primary is in
equally unhappy state. All this
from a non-partisan view.

Then there is the other line of
thought from a republican view-
point. In the November election
this district went republican by a
majority of 12,000. Members of
the party have been continually
urged to support their organiza-
tion. Now it does not appear con-
sistent with the knowledge of that
heavy majority still fresh in mind,
to foster a plan for the re-election
of two democratic judges and one
republican judge. With these
party figures in mind, a non-parti-
san program calling for the elec-
tion of two republicans and one
democrat would have a more satis-
factory sound.

A woman can get a lot more by
crying than a man can get by
hustling.
It kinda jars a man to get mar-
ried and discover that he has been
in love with a lot of clothes and
padding.
When you see a man with a chip
on his shoulder you don't have to
examine his head to know where
the chip came from.
We have a heap of respect for
Nature. But what was she think-
ing of when she made all the bow-
legged girls?

**STATE STREET SCHOOL
WORKERS WILL CONFER**
Rev. Gerrit Verkuy, Ph.D., field
representative for religious education
in the Presbyterian church, will con-
fer with the Sunday school and
Young People's workers at State
Street Presbyterian church Monday
evening at 6 o'clock. This will be
the monthly meeting of the workers
and it is considered a special privi-
lege to be able to have Dr. Verkuy
as a speaker.

the home of Mr. and Mrs. George
Flynn on West North street.

NOTICE TO TAXPAYERS
The tax books are now in
the collector's office and taxes
extended stand as judgments
against all parties mentioned
therein.
Persons paying on personal
property only should pay the
tax promptly and avoid trou-
ble end expense in collection.
The judgment reads as fol-
lows: "In case any person
named in said books shall ne-
glect or refuse to pay their
personal tax, you shall levy
the same by distress, and sale
of goods and chattels of such
person." Parties paying on
real estate should bring their
old tax receipts to save time
and avoid mistakes. If pay-
ing thru the banks, leave
your old receipts with your
bank as soon as possible.

Funerals
Leadill.
Funeral services for the late
Miss Rachel Leadill were con-
ducted from the M. E. church at
Franklin at 1:30 o'clock Sat-
urday afternoon, in charge of Rev.
A. H. Sherman, pastor. The
church was filled with relatives
and friends of the deceased, who
was well known and highly es-
teemed in the Franklin commu-
nity. There was a profusion of
floral tributes and these were in
charge of Mrs. M. B. Keplinger,
Misses Edith Thrushy, Alice Cris-
well and Maude Criswell.
Interment was made in the
Franklin cemetery, the bearers
being William and Link Hill, Otis
Van Winkle, John Wynn, Mar-
shall Burnett and Herbert Watt.

Dunn.
Funeral services for Mrs. Matilda
Dunn were conducted at 10 o'clock
Saturday morning at the funeral
chapel of Arthur G. Cody, Rev.
George T. Wetzel officiating. At 11
o'clock the remains were taken over
the Burlington railroad to Beards-
town, her former home, where burial
was made.
Music at the service was furnished
by Messrs. Ed Williamson, Charles
Kove, John Lazenby and Arthur G.
Cody.
The flowers were cared for by
Mesdames Gertrude Richardson and
M. E. Story.

**OVERLAND DEALER TAKES
ON ADDITIONAL LINE**
White in Chicago to attend the
auto show J. E. Claus, Oakland
dealer, signed a contract to rep-
resent in this territory the Olds-
mobile, the first of these cars to
arrive here shortly. The Oak-
land and Oldsmobile will give
Mr. Claus two very popular cars,
both of which he will soon begin
advertising extensively.
Mr. Claus while away attended
the dedicating ceremonies for
the new Knights of Pythias
building which is located on On-
tario street in Chicago's business
district. He reports a big crowd
present, lodge officials from sev-
eral states attending. There are
125 Pythian lodges in the city of
Chicago, and so far twelve have
arranged for space in the new K.
of P. building.

NOTICE
I will not be responsible for
rebits contracted by anyone other
than myself.

Cecil B. DeMille's
PRODUCTION
"Why Change Your Wife?"
Played by a Notable Cast headed by

**Thos. Meighan
Bebe Daniels**

**Gloria Swanson
Theodore Kosloff**

"Here's to those who love us
If we only cared.
Here's to those whom we'd love
If we only—dared."

A butterfly woman's toast to
the husband of a too wifely wife.
Until at last he "dared." But the
wife was still young and—
SEE—
these two beautiful women—cul-
ture, manners, breeding flung in
an instant to the winds—fighting
like maddened tigresses—in his
room—for the man they loved.

SEE—
the dash, the fashion, the vivid,
intimate revelations of this sen-
sational companion picture to Ce-
cil B. DeMille's "Don't Change
Your Husband."

Where was the girl he married?
Where was the lure, the glamour,
the ecstatic sweetheart hours?
Faded into dull, drab matri-
mony.

Was he wholly to blame when
another woman, aglow with the
joy of living, slipped into the
place in his life which his wife had
left vacant. Was he?

A vital, intimate picture of the
greatest problem of love and mar-
riage. Dressed in all the luxury,
color and feminine beauty that
distinguished DeMille's "Male
and Female" and "Don't Change
Your Husband."

The Man's Side of Modern
Marriage

A brilliant, living answer to Ce-
cil B. DeMille's "Don't Change
Your Husband." Presented with
all the intimate real-life action,
all the beauty of person, gowning
and setting that only DeMille can
put on the screen.

He had no more faults than
most men, but his wife acted as his
governess rather than his sweet-
heart. So a dashing little model
at the "Maison Chic" snuggled in-
to his life and—the wife won in
the end!! Come and see how.

WAVERLY YOUNG PEOPLE
MARRIED HERE

The marriage of Robert M. Gar-
man and Miss Mabel D. Curry, both
of Waverly, took place Saturday
night at 9 o'clock at the court
house, with Judge H. P. Samuel
officiating. The witnesses to the
ceremony were J. D. Garman,
father of the groom, and County
Clerk, G. L. Riggs.

The young people intended to be
married in Springfield but found
that where either party to a mar-
riage contract is under age the cer-
emony must be performed in the
home county, even if the parent
gives formal consent.

Mrs. Garman is a daughter of
Rev. and Mrs. J. E. Curry. Both
families are quite well known in
Waverly precinct.

IMPROVEMENTS
MOVING ALONG

The work of improving the
Knights of Pythias lodge rooms
is progressing satisfactorily. The
folding doors and partition have
been removed between the din-
ing hall and the main auditorium
and it makes the hall one of the
largest in the city.

The lodges now have a floor
space 60 by 40 feet and it adds
greatly to the appearance of the
auditorium and also gives needed
space for the accommodation of
the fast growing lodges.

MISS HORSBRUGH SUCCEEDS MISS MOORE

Takes Up Work as Head of Department of Violin at Woman's College—Has Studied Under Many Noted Artists—Career Has Been Varied One.

Within the last few days Miss Beatrice Horsburgh has come to us to succeed Miss Clara C. Moore whose resignation has already been announced.

The lines of Miss Horsburgh's life have been so unusual that it seems but fair that those among whom she has cast her lot temporarily, should be permitted to know a few of the facts regarding her.

Miss Horsburgh and her brother were born within a rectory just outside of London, that had been the girlhood home of her mother. Her first study of music was undertaken by the usual and normal route of pianoforte study at the age of seven. When she was eight she began to study the violin which has been her delight ever since. While still a little lady of less than nine years she made her first appearance in one of the London concert halls.

After the death of her father the family established a home in Hanover, Germany, where Miss Horsburgh was a student at the Conservatorium for a period of two years. This study was followed by a residence in Brussels where Miss Horsburgh graduated from the Conservatorium. Her best known Belgian teacher was Cesar Thomson.

The third move to a strange and untried land was to Russia where the family goods were set up in Petrograd with the hope that the great Auer would look kindly upon the talent possessed by the young lady. This hope was not vain for she was at once accepted and for two years worked hard under his direction. She also supplemented the regular work of the winter months with summer work with her master in Dresden.

War Stopped Opportunities.
In 1914 Europe began to break up housekeeping along the old lines and art suffered decline while politics suffered disruption. There was little opportunity for a young artist in the countries engaged in the conflict. Auer established himself in Norway and thither Miss Horsburgh and her mother betook themselves in the summer of 1915, so that there might be a further period of study.

Following this the two came to the United States to join the brother and son who had become a construction engineer and was located in Brooklyn, N. Y. When the United States entered the war, the brother enlisted with a Canadian corps of engineers and shortly before the signing of the armistice, he with five others engaged in road construction on the front were killed by a bomb.

Miss Horsburgh now began to make a place for herself in her new home in Brooklyn when Auer himself came to America. He was tendered a reception by the "Criterion Club" of New York and when asked whom he would choose to represent him and play at that time, he requested that Miss Horsburgh be called upon. The success of the appearance amply justified the master's choice. Surely no greater honor could come to a young artist than such an expression of confidence on the part of "The Master of Artists."

Like most English women Miss Horsburgh is fond of the out-of-doors and enjoys athletics. It is a pleasure for the people of Jacksonville to extend a welcome to a young woman who brings to us such a wealth of experience and a broad culture as well as the more definite contribution of a rare attainment in her art.

A bit of local color that adds interest to Miss Horsburgh's residence here is that she and Miss Moore, whom she succeeds were students together in Brussels some years ago.

PRIVATE COURT.
In the estate of J. Otis Kenogle, final report was approved and the estate closed.

In the estate of Richard Day, approval of deed to a certain tract of land made to Samuel Cardwell in November, 1919, was set aside. It was shown that a sufficient notice had not been given.

An order was made approving the adoption of Mary McKavitt by Mr. and Mrs. Lee Deatherage. The girl, aged thirteen years, who is thus adopted is the daughter of Mr. and Mrs. Arthur McKavitt, now divorced.

Births

Born to Mr. and Mrs. C. E. Allen, a son—Harold Eugene—February 2.

SPRINGFIELD Y. W. C. A. VISIT WOMAN'S COLLEGE

Are Discussing Problems of Interest—College Students Are Giving Them Royal Entertainment.

There are fourteen Industrial girls from the Springfield Young Woman's Christian Association visiting at the Woman's College this week-end. In the fall some of the Woman's College girls went over to Springfield to visit the Y. W. C. A., industrial clubs and to meet the girls and discuss problems of interest to the mem-

bers of both the Springfield and Jacksonville associations.

The Woman's College girls are now returning the courtesy shown them in Springfield and are entertaining these fourteen guests at the college over the week-end.

Special dinner parties, Jacksonville "sight seeing" trips and interesting meetings have been planned to entertain the girls. Among the interesting and vital problems discussed at the meeting last night was, "Can a woman marry, do justice to her home and still continue her activity in some outside interest either business or social."

The question is of deep significance for the college girl as well as the industrial girl and such meetings and discussions as these do a great deal toward a better understanding and mutual benefit for the girls in all walks of life.

GUEST OF DEAN AND MRS. HAYDEN

SOMETHING HUMAN

This from the pen of Dr. Frank Crane writing about "Humoresque" coming to the Grand for four days starting Feb. 3:

"As we go up and down the ways of this busy age, the thing that makes us stop and wonder, the thing that is like the discovery of hidden treasure or a pearl of great price, is Something Human."

"I have just seen two whopping human treasures. One is the writing about Mexico by Ibanez, a wonderful piece of journalism of which I may speak later."

"The other is a moving picture entitled 'Humoresque,' based on a story by Fannie Hurst."

"The intense humanity of it is emphasized by the fact that it is all about people who live in a world entirely different from any I have known. Something human appears all the more human when it is Japanese, or Hottentot, or Eskimo. Then it is brought home to you that these people, so different in their environment from yours are, after all, blood of the same blood and spirit of the same spirit."

"The characters in this movie are taken from the Ghetto. They are all Jewish. In this story we are thrust into the midst of this little world, as close and claustrophobic as ever a little world was, and our hearts are melted within us at the realization of our common humanity."

"The real star of the play is the Jewish mother, performed by Vera Gordon, who is not started at all on the program and of whom I have never heard. I have no hesitation in saying that it is the most remarkable and appealing characterization I have ever seen upon the screen."

"The art of the thing is unconscious. Somehow the spectator feels that neither the writer of the play nor the director of the film production nor the actors themselves really intended to do the smashing thing they have done. They were intent upon telling a story and making good pictures and developing the love scenes between the boy and the girl and showing the trials of a struggling artist. It is the simple, naive, child-hearted Jewish mother that walks away with the whole performance."

"For, after all, it is the mother who is the one universal figure. It is the mother who is the real League of Nations. It is in motherhood that there is neither Jew nor Gentile, Greek nor Barbarian, bond nor free."

"Here is the real hope of mankind: That underneath all our differences our struggles for precedence, our race hates, our clashing selfishness, our clamant competitions, our wars and ru-

mors of wars, our contests of classes, our angry disputes of labor and capital, our envy, superciliousness and provocation—underneath all these is the mother's lap, around all these are the mother's everlasting arms."

"Most books are written, most plays are tinkered up. Once in a while a story is born, not made. 'Humoresque' was born, and don't forget that the greatest figure in it is the Jewish mamma."

LOCAL MEN GO TO CHICAGO

D. E. Sweeney, E. M. Henderson and P. J. White will leave this evening for Chicago. Mr. Sweeney will attend the annual convention of contractors to be held Monday and Tuesday. He also will visit his son John Sweeney and wife while in Chicago.

Mr. Henderson and Mr. White will attend the annual Good Roads Congress to be held at the LaSalle hotel Feb. 9 to 12 and Mr. Sweeney will also remain over for this convention.

MOVIE BENEFIT WELL PATRONIZED SATURDAY

"Molly and I," starring Shirley Mason and a Mutt and Jeff comedy made up a very enjoyable program at Luttrell's Majestic theatre Saturday morning. It was a benefit program, Mr. Luttrell making no charge for the theatre or films, and the attaches of the theatre donating their services.

M. C. Hook, chairman of the relief campaign committee, said last night that the attendance fully measured up to expectations and that a substantial sum was added to the fund. The tickets were on sale at 10c but many persons paid more than that amount for them.

CLOSES SUCCESSFUL REVIVAL

Rev. O. C. Bolman has just closed a successful revival service of three weeks in the Christian church at Riverton. There were 47 resulting conversions. Mr. Bolman was assisted in the choir work by Mrs. Gertrude Demereth of Winchester. Today Mr. Bolman will occupy the pulpit at the Christian church in Beardstown.

ONE LOCAL FREIGHT IS CANCELLED

The Wabash railroad has reduced its local freight service, running one in each direction every other day. Heretofore a local freight has gone both east and west every day. This action is in accordance with the general policy of retrenchment and because of the lessened demand.

SUBSTITUTE CARRIERS USED.

The delivery service of the Journal has been somewhat disturbed the past week by illness among carriers. Four of them were off duty on one morning and all thru the week it was necessary to use substitutes on some routes.

Social Events

Agora Society

Entertained Saturday.

The Agora Society of Illinois College entertained an honorary member Saturday afternoon from 3 to 5 o'clock at the home of Miss M. McCormick, 1025 Grove street. Delightful refreshments were served.

Birthday Surprise Party.

Miss Elizabeth Manz was very pleasantly surprised Saturday afternoon by a number of her friends the occasion being her sixth birthday. Many useful gifts were received and much appreciated. The young people departed late in the afternoon wishing Miss Manz many more birthdays.

Barn Dance for Seniors

The Sophomores of the Woman's College entertained the Seniors last night at a unique affair in the form of a barn dance. The Sophomores dressed as country swains escorted the Seniors to the society halls. Here a transformation had been wrought by the use of straw, harness, farm implements and other barn furnishings which gave the rooms a distinctly rural appearance. Dance programs were printed on the back of sale bills and the orchestra from the School for the Blind furnished music for the occasion. Cider and doughnuts were served in true country style.

Charming Function for Miss Moore

Mrs. Frank Elliott delightfully entertained Saturday afternoon at her West State street home in honor of Miss Clara Catharine Moore, who is to become the bride of Benton Charles Nelms, on February 17. This charming pre-nuptial affair was an informal reception and many of the friends of the bride-to-be were guests of the afternoon. Spring flowers added to the charm of the Elliott home. Informal afternoon coffee was served in the dining room where a color scheme of yellow and white was artistically carried out with Japanese narcissus and tulips. The affair was one of the most delightful functions which has been given in honor of Miss Moore.

Book Party at Litterberry Home.

Mr. and Mrs. John Myers entertained a number of friends Saturday evening at their home in Litterberry. It was a book party and several hours were spent very pleasantly with this game. Dainty refreshments were served by the hostess at a late hour.

The company included Misses Lora Petefish, Emma Johnson, Georgia Litter, Lulu Henderson, Lela Maul, Helen Long, Thelma Litter, Mary Belle Maul, Margaret Chapman, Dovie Smith, May Myers, Mrs. Abe Petefish of Springfield; Messrs. Oscar Johnson, Herbert Ford, Arthur Johnson, Neil Sorrells, Ernest Decker, Samuel Johnson, Walter Long, Earl Myers, Arthur Johnson, Floyd Martin, Dewey and Orville Petefish, Charles Petefish of Springfield; Clyde Lewis of Prentice.

U. C. T. Club Entertained At Dinner.

Members of the U. C. T. Woman's club gave a dinner Saturday night at the Odd Fellows temple on East State street. The guests were the members of the Jacksonville council, U. C. T. It was really a family affair for the U. C. T. members, their wives, sweethearts and children. The members of the club had spared no effort in preparing for this dinner and a splendid menu was served. It included roast beef, mashed potatoes, with gravy, baked beans, salad, jelly, pickles, olives, ice cream, cake and coffee.

After the serving of the final course came the social hours spent with dancing and cards. It was the first time that some of those in the company had attended a U. C. T. affair and they could not but be impressed with the royal hospitality and the joyous good fellowship.

As the name indicates, the U. C. T. Woman's club is an auxiliary of the U. C. T. and the regular sessions are always of interest. A number of women eligible to membership have recently made application for admission.

Mrs. James Strawn is the president of the club. Mrs. Gerald Taylor is the chairman of the social committee. This is a large committee and all the members had part in the preparations for Saturday night's successful event.

CHINESE SAD PLIGHT SHOWN IN LETTER

Dr. Wylie Writes of Conditions That Have Come Because of Famine—Is Associate Worker With Rev. Robt. Cunningham.

Miss Mamie Cunningham of 911 West College avenue, yesterday received a letter from her uncle, Rev. Robert Cunningham, long in the service as a missionary in China. Accompanying this letter was one from Dr. J. Herman Wylie, a physician who is associated with Mr. Cunningham in the missionary work. Dr. Wylie's letter gives a vivid portrayal of the conditions which now exist in China. This direct story from China will be of special interest at this time. It will be published in two installments, the first appearing today.

The children in the schools are all preparing their songs, etc., for the coming Christmas exercises. Even busy nurses and doctors in the hospitals are taking on a little extra and preparing to do their part in trying to bring the joy of Christmas to those who know Him not. There will be Christmas parties in each of the girls and boys schools and at each of the hospitals; also in the church and at the church in the city. But perhaps the most important event of the day will be a big Union meeting of both missions here at Pao-

tingfu and the Y. M. C. A. at the largest auditorium in the city, in which all of the Christian workers unite to make a special effort to bring the glad tidings, to those who do not usually hear them. Usually there are several thousand people who attend and no doubt there will be as many or more this time for more and more people are getting to know more about the Christian gospel and look forward to our annual Christmas meeting. There will be plenty of music and a good sermon.

But over all of our Christmas joy there hangs a pall of sadness this year, which makes it different from other years, for this year finds us in the midst of that district, or rather, I should say, for the sake of accuracy, that we are in the edge of that district, which this year is suffering with one of the worst famines in the history of China. Beginning with the west of us and running to the east and south there lies a stretch of country, that it will take more than a day's train ride to cross. This district is a level, fertile stretch of country which in good seasons yields large supplies of grain, and therefore, supports a large farming population. But unfortunately the abundant summer rains on which this country is so dependent, did not come this last summer. We have had practically no rain for over a year. The spring wheat first failed. Then the fall crops of millet, corn, and 'kao liang' turned out a complete failure, with a result that in the above mentioned section of the country there is estimated to be about fifteen and one-half millions of people who will not have enough to eat during the coming winter and spring. The great problem to reach the next wheat harvest, which comes in June.

As a result of the Red Cross and other agencies large quantities of seed wheat have been planted and if the Lord sends rain, June will bring relief. But each June 'Aye, there's the rub.' It is for this reason that I am trying to do my little part in sending out our call for help, and asking those who have abundance and to spare, to share a little with those who have nothing. The mind of man fails to grasp the situation, 15 1-2 millions with nothing to eat and literally hundreds of thousands who will surely starve to death. This does not include those who by measures of economy, that we westerners know nothing about, hope to live through until next June. The diet of these people in prosperous times is most simple. While China is known as a 'rice eating country,' still these country people in North China rarely ever eat rice they cannot afford it.

The main article of diet is either millet or corn and the less fortunate eat only 'kao liang.' This is a grain that grows like sugar cane and is very poor food. They grind this grain into a meal and either make it into a porridge or bake it into cakes after mixing it with water. The average man in the country eats from 1 to 3 pounds of one of these grains per day. They eat very little else. Meat may be eaten a few times a year, usually at New Year's time, and a soup made of a coarse cabbage is about the only variety which their appetites enjoy. Wheat and a kind of steamed bread made from flour; and rice are eaten by the better classes. To them the famine means only a hardship. With the above for a regular diet when times are good, you can begin to see what a lot of these unfortunate people might be in a famine year, and perhaps you can imagine how really poor the food of those might be who although 'famine struck' still hope 'to pass the days' until next June. But these we do not count. We only count those who have not even the poorest sort of food.

You can imagine two or three of our number out on an investigation trip and going through village after village, often going from house to house, in order that the true condition might be known. Here a family who have enough of grain to last another month, and other more fortunate may be able to go for two months, while a third, perhaps, has not grain enough to last a couple of weeks. This investigation was made a month ago. The people are hopeless, they talk starvation as a matter of course. Thousands are leaving their homes and going in all directions, they know not where, they are simply going. Those who have gone north, and carloads go every day, will not only have lack of food to contend with but in addition, a most rigid climate. Here in our own section the winters are very cold. We always have ice more than a foot thick. The people depend entirely on stalks, straw, and roots, for their fuel, and with the lack of rain even weeds have not been able to produce their usual amount of trash to burn. The coming weeks will bring simply untold suffering.

To relate a series of heart rending stories, I have neither time or space, I myself see very few, for except when occasionally on Sunday afternoon I go to the Congregational Compound for an English service I often don't leave our compound for a month at a time. We are doing a great deal of charity work. Yet in our busy clinics we have very little time to go into the details of the personal life of our patients and their families. Three of us doctors saw one hundred and fifty patients on the afternoon in which I am writing this letter. In addition, we have more than fifty patients in the wards of our hospital all of the time. A single example however, of a case who came under my observation last week will serve to show something of the condition as they exist.

A man about thirty-five years of age, a farmer who had a wife and three children came in from a famine struck district of our Presbyterian field and gave the history of complete intestinal obstruction. The condition had already been present for several days. After making an examination of the patient, and inquiring into the cause for his trouble, we elicited the history that in order to make their little bit of millet last a few days

longer, he had ground up a supply of corn-cobs and mixed them with the millet. Of this they had made a porridge. His children, he said, had cried of pain in their stomachs and he himself had become totally obstructed. Timely interference saved the man's life, and a day or two later he left the hospital somewhat improved and with enough of money to help his children for a few weeks.

This is only one of the 15 1-2 millions. Whole families are taking poison. Others have sought relief in the wells and rivers. Children are being sold and given away. Men have sold all of their animals. They are selling their land, their clothes and even their bedding. In places they have torn their houses down in order to sell the timbers of the roofs.

WHY CHANGE YOUR WIFE?
should be seen by every married man and woman in Jacksonville. This picture demonstrates the necessity of patience and forbearance on the part of husbands and wives. It is a gripping picture and teaches a great moral lesson. Scott's Theater, Four Days beginning Monday.

WILL SERVE DINNER
The Ladies' Aid of the Baptist church Circle No. 2, under the direction of Mrs. Richardson and Mrs. Dr. T. O. Hardesty, are planning to serve dinner for the State District Sunday School conference to be held at the church Tuesday from 9:30 a. m. till 4:15 p. m. Hi Y supper 5:30. YOUNG MAN SERIOUSLY INJURED AT MACOMB
The Macomb Journal of recent date contained an account of a recent accident to Lawson Burnham, son of Mr. and Mrs. Albert Burnham, who reside east of Macomb. The family is well known in this vicinity and many will be sorry to learn of the unfortunate happening. The account of the accident was received by Mrs. S. T. Erixon of this city. The young man was engaged in adjusting the sights on a 22 calibre rifle, when in some manner the weapon was discharged, the bullet lodging in the lung above the heart. Young Burnham was in the barn at the time of the accident and was not discovered until some two hours afterward. The delay in giving medical attention makes the case all the more serious. The accident happened on Friday, Jan. 28, and the young man has since been a patient at Phelps hospital in Macomb. At last accounts he was still in a critical condition.

Fordson

ANNOUNCEMENT

Mr. Edsel B. Ford, president of the Ford Motor Co., gives out the following statement:

"The price of the FORDSON Tractor has been reduced from \$790.00 to \$625.00, effective immediately.

"This price change has been made possible thru lower costs of materials and the fact that we are now located in our New Tractor Plant with greatly increased economic manufacturing facilities in connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting out high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefited thru its use, and are already reaping, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN PRESENT FORD CAR AND TRUCK PRICES, which are at the lowest possible figure and now with rock bottom reached in the tractor price a further reduction in price of either the Car, Truck or Tractor is out of question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book, "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

JACKSONVILLE WINS FROM GRIGGSVILLE

Defeat Visitors by Score of 40 to 7 Saturday Night — Game was Walkaway in Which Mitchell Used Many Men.

Jacksonville High showing a remarkable reversal of form over that at Alton Friday night swamped Griggsville High in David Prince Gymnasium Saturday night by a score of 40 to 7. It was a game that delighted a large crowd of fans and the en-

thusiasm ran riot through the contest. A few weeks ago Jacksonville played Griggsville in that town and met defeat by a score of 13 to 9. The small floor handicapped the locals. The same thing was true of Griggsville here last night as they were lost on the local floor.

There was no doubt of the result of the game after it had been going for a few minutes and during its progress Coach Mitchell gave nearly all the men in uniform an opportunity. They had little trouble in keeping Griggsville players away from the basket tho the second string men

did not score as frequently as the first string men.

Griggsville only made two field baskets during the game which was one better than the locals did at Alton the night before. Ireland who tossed fouls for the visitors was not in form only getting three out of seven tries.

For Jacksonville Hunter, Mawson, Harrison, Hunt, Woods and Lewis did the scoring. Hunter was in especially good form getting eight baskets while Mawson got four. The score:

FARM BUREAU NOTES

The Farm Bureau meeting held at Chapin in the Chapin Opera House Friday afternoon, was very successful. There was a good attendance and much interest was shown in the work and enterprises of the bureau.

A great many indicated that they would use limestone and phosphate, provided it could be stored locally. Interest was also shown in the campaign to combat the chinch bug thru a winter buring campaign. H. P. Joy explained how it was best to select corn in order to get seed that is free from root rot.

The Chapin men also decided to organize a live stock shipping association and a committee was appointed to draw up a constitution and by-laws for such an organization. A. H. Bartelheim, of Concord, was present and he explained the Concord Livestock Shipping association, which has recently been organized.

The executive committee of the Farm Bureau met yesterday in the farm bureau office. L. A. Reed, H. E. Kimer, C. H. Gibbs, C. L. Hawker and C. R. Gibson are members of this committee. A committee was appointed to purchase a car for the associate farm advisor. It was reported that a car could be purchased complete for \$564.90. In a month by report it was reported that the following bills had been paid: Printing of bulletins . . . \$22.00 Printing of letterheads . . . 29.50 Telephone fees and tolls . . . 6.95 Mimeograph paper . . . 13.00 The secretary gave a financial report showing that the bureau has at present \$7,035.44 in cash and bankable papers.

S. W. NICHOLS NOW IN TUSCON
S. W. Nichols and his daughter, Miss Frances English, are now in Tuscon, Ariz., their address being 874 East Third street. Mr. Nichols has written friends here that he is gaining in strength daily and expects to again have his normal health at no distant date. However, he intends to heed the warning of his physician and not return to Jacksonville too soon.

It is warm in the middle of the day at Tuscon but cold at night and the climate is said to be especially healthful. These Jacksonville people recently met R. L. Pyatt, who is spending the winter at Tuscon, and also the Misses Spruit, who are there. Miss Florence Spruit is teacher in the State School for the Deaf and Miss Marian Spruit is a student at the university.

YANKEES TO HAVE PLAYING GROUNDS

New York Americans Will Have Field to Seat 75,000 Fans—Will Cost Over \$2,000,000—Designed After Yale Bowl.

NEW YORK, Feb. 5.—Purchase of a site for the home and playing grounds of the New York American Baseball club, on which will be erected a \$2,000,000 stadium to seat 75,000 fans, was announced today by Colonel Jacob Ruppert and T. L. Huston, owners of the club.

The plot of ground, covering ten acres and located just across the Harlem river from the Polo Grounds, the home of the National League club was purchased from the William Waldorf Astor estate. Altho located in the Bronx the stadium will be easily accessible.

The plans call for a structure similar in design to the Yale Bowl at New Haven, which is expected to be ready to open the 1922 season.

Miss Florence Doolin of St. Louis is spending the week end with her sister at 624 North East street.

A. L. BOWEN TO JOIN STATE JOURNAL STAFF

A. L. Bowen, who has grown to prominence in connection with the development of the charitable institutions of the state, is to return to newspaper work. He will soon enter upon his duties as managing editor of the State Journal at Springfield. There is no doubt about Mr. Bowen being exceedingly well qualified to take this responsible position with the Journal. This publication now has a larger circulation and holds a higher place in the newspaper field than ever before.

Mr. Bowen began his newspaper work in Bloomington as a young man, being first connected with an evening paper there. Then for a considerable time he was on the staff of the Pantagraph. Still later he went to Springfield and following a period of successful work there took up the duties of a state position.

There Has Been

Reduction

Tire Prices

But that's not the point. In addition there are more cars running this winter than ever before, because there has been little or no snow. This means that there are more tires being worn out. The common saying is, I will make the old ones do. Do until the price comes down. This may and may not come.

What Does This Mean?

That instead of buying one tire now, you will have to buy three or four later. Buying what you need now, will distribute your expenditures, at different times over the year, and to most people is easier done.

GREAT PLAY IS COMING TO SCOTT'S

'Why Change Your Wife?' Is Appearing Comedy Satire.

A man would rather have his wife for a sweetheart than any other woman; but ladies: if you would be your husband's sweetheart, you simply must learn when to forget that you're his wife. This applies to "Why Change Your Wife?" Coming to Scott's tomorrow for three days.

Cecil B. DeMille has hit the bullseye again. "Why Change Your Wife?" is a comedy satire on married life. Nothing of a farcical nature is introduced. It is truth itself, with rare bits of sparkling drama, and it runs along smoothly and fast. The dialogue of the sub-titles is replete with homely philosophy, the kind that strikes every married woman, every lover or sweetheart.

Will D. Harris, of Grand theatre Columbus, Ohio, says of "Why Change Your Wife?" "I've looked at hundreds of pictures, but I've never seen anything that matches "Why Change Your Wife?"

"They'll have to make some wonderful pictures to satisfy me after seeing Miracle Man, 'Male and Female,' 'On With the Dance,' and then 'Why Change Your Wife?' Oh, man—it's a picture!"

"The women are going out and saying to each other: 'Did you see that picture at the Grand theater? Did you see those clothes Gloria Swanson wears? Clothes! My wife and daughters sat and watched the close-ups of the gowns and shoes and silk stockings worn by

Miss Swanson and they whispered the price of each—women know those things. 'Must have cost \$2,500,' they hissed when the fur coat appeared. 'Those stockings are selling at \$50 a pair'—comments like that will make "Why Change Your Wife?" the biggest thing of the year."

WHY CHANGE YOUR WIFE?

should be seen by every married man and woman in Jacksonville. This picture demonstrates the necessity of patience and forbearance on the part of husbands and wives. It is a gripping picture and teaches a great moral lesson. Scott's Theater, Four Days beginning Monday.

WHITE HALL WINS IN BASKETBALL GAME

Wins by Score of 25 to 20 Saturday Night at Winchester—Visiting Team Entertained After the Game—Other Winchester Items of Interest.

Winchester Feb. 5.—An exciting basketball game was the one between White Hall and Winchester. The game resulted in a score of 25 to 20 in favor of the visiting team. The game was witnessed by a large number and was a very good one from every angle. The line-up and total points for the two teams appear below:

White Hall—English, f. 8 points; Boyd, f. 6 points; Search, c. 1 point; Greer, g. no points; Good, g. 10 points; Robley and Smith, substitutes; total points 25. Winchester — Evans, f. 2 points; Shillinger, f. 12 points; Dill, c. no points; Mitchell, g. 2 points; Peak, g. no points; Patrick, sub. 4 points; total points 20.

Referee—Joseph Grout. After the game the visiting team was entertained at the high school when refreshments of sandwiches, olives, pickles, coffee and cake were served. The room was tastefully decorated in the high school colors of purple and gold.

Mrs. Ralph Overton arrived Friday night from St. Louis to visit her parents, Mr. and Mrs. Irvin Coultas and other relatives.

Albert Hainsturther, Jr., was able to be down town Saturday after a week's illness.

Mrs. Mike Clary and little daughter of Jacksonville, are guests at the home of Charles Hieronymus and family.

Several of the Scott county people were in town Saturday for the first time in the past three weeks, as road conditions are now greatly improved.

Miss Jen Stewart left Friday night for Chapin for a short visit with her brother, Harry Stewart and family.

Oren Waggoner and bride expect to return to their home in St. Louis Sunday after a visit here with the former's mother and family.

WITH THE SICK

Mrs. Sebastian Kumble, was able to go to her home, 1405 S. West street, after being a patient at Passavant hospital for a few days.

Jack Perry Brown, infant son of Mr. and Mrs. George F. Brown who has been critically ill of pneumonia is reported greatly improved.

Mrs. A. J. Taylor is dangerously ill at her home on West Chambers street.

Don Randall who has been seriously ill at Our Savior's hospital, was able to be removed to his home yesterday. The patient is slowly convalescing and it is hoped he will soon recover completely. "Don" is a student at Illinois College and before his illness, was on the college basketball team. He has been much missed by his fellow students and members of the team and needless to say everyone will be glad when he is able to be at school again.

James B. Beekman, who is a patient at Passavant hospital, continues seriously ill. His many Jacksonville friends will hope for early improvement in his condition.

SEARCY WRITES OF HARD ROAD STATUS

Work on Springfield-Jacksonville Branch Will Begin This Year—Will Start in Jacksonville—Other Interesting Notes of Illinois Roads.

Representative Earl B. Searcy, recently elected from this district is interesting himself in the proposed hard road between Jacksonville and Springfield. In a letter to Mr. W. L. Fay he outlines what has been planned for this year and it would seem that at last Jacksonville and Morgan county has a representative who is really going to represent the people. The letter follows:

Springfield, Ill., Feb. 4, 1921. Mr. William L. Fay, Jacksonville, Ill.

Dear Mr. Fay: Knowing that Morgan county folks, and particularly those in and around Jacksonville, are interested in the matter of the proposed hard road as projected east and west across the state, I took some time today to go to the Department of Highways and inquire into the general status of things.

The hard road between Jacksonville and Springfield—a part of the route from Danville to Quincy—is not only laid out, but contracts for its construction are to be let within a very few weeks. The Department officials told me.

It is planned to start at Jacksonville, connecting up with the road now leading off from the street there in the south part of town, and come east. Construction for 1921 will reach, I was told, to a point about half way between Alexandria and New Berlin. In 1922, the rest of the stretch into Springfield will be completed. I was informed that it was possible the construction might extend this year further east than the point indicated.

It seems from what the Department officials told me, the plan is to put in several stretches along this Danville-Quincy route this year, in order to give several communities a share of the benefits, then by the end of next year, to have the whole route completed and in use, at least as far as Jacksonville, and possibly further west.

The route between the Morgan county seat and Springfield will parallel, practically all the way, the Wabash railroad. In that way, it will reach the centers of population.

It may interest you to know that Illinois, at this moment, has 820 miles of concrete and brick highway in use, and that, in addition, some 525 miles of improved oil and macadam roads, built under state supervision, are complete and being used. The Federal Aid road, running from Chatham to a point north of Chillicothe, is 117 miles in length, and the longest Federal Aid stretch in the United States.

Yours, Earl B. Searcy.

AN APPRECIATION OF THE LATE FRANK READ.

The current issue of The American Annals of the Deaf, published at Washington, D. C., presents a portrait of the late Frank Read, whose useful life as superintendent of the North Dakota School for the Deaf, came to an untimely close a few months since. With the portrait is an appreciation written by Mrs. Minnie W. Cleary of the faculty of the Illinois School for the Deaf. Mrs. Cleary writes from long acquaintance with Mr. Read and with evident understanding of his worth.

The writer makes reference to the distinct loss that the teaching profession and the deaf in general sustained by the death of Mr. Read and also by that of Mr. Laurence E. Milligan, both superintendents of schools for the deaf, who died within a short period of time. "Their fathers were for many years co-workers in the institution in Jacksonville and the sons were graduated from the same college. Their lifelong acquaintance with the deaf gave them an invaluable understanding and insight into their needs and difficulties."

Mrs. Cleary's appreciation opens with this paragraph: "Rarely, indeed, is it given us to witness a life of such absolute service to others as was that of Frank Read. And few are they who can show a record of such unswerving devotion to the welfare of the deaf. From earliest childhood, thru boyhood and college days, as teacher, superintendent, and friend, his life is a continuous record of forgetfulness of self and thoughtfulness of others. This devotion, indeed, was carried to the point of neglecting his own health, which undoubtedly hastened his untimely end."

After reviewing the general facts of his private and professional life, Mrs. Cleary writes:

"In his quiet, earnest and ably, unselfish way, he was thruout his life a follower of Him whom he loved. 'By their fruits ye shall know them.' As we think of the many deaf children who have come under his influence, the words he has left behind, and the countless friends who have felt the cheer of his optimism, we can fittingly say of him that 'believe dead, he yet liveth.'"

Saturday evening Jewell E. Scott presented a box of cigars to the Journal force, the gift of Favorite Lodge No. 376 Knights of Pythias. It is needless to say the smokers were greatly enjoyed.

SPECIAL TRAIN FOR TOSCANINI CONCERT

Great Italian Orchestra on Tour Is Under Foreign Affairs Auspices.

E. L. Hughes, representing Arturo Toscanini and his orchestra to appear in Springfield, Feb. 11, was in Jacksonville yesterday. Mr. Hughes is hoping to secure the attendance of 150 Jacksonville people for this remarkable concert event. A special train has been arranged for, to return-following the concert.

Mr. Hughes, who is one of the representatives of London Charlton of New York, who has the management of the American tour of the orchestra, explained while here, that this is by no means a commercial proposition. The tour is under the honorary auspices of the Italian minister of foreign affairs, Count Sforza; Secretary of State Bainbridge Colby; the Italian Under Secretary of State for Fine Arts, His Excellency Rosadi; Under Secretary of State of the U. S. Honorable Norman Davis; the Italian Ambassador to the U. S. and the U. S. ambassador to Italy. The tour was planned partially in recognition of the appreciation of Italy for America's part in the war and also to give to the people in all parts of this country a better understanding of the place in the world of music that justly belongs to Italy.

MATRIMONIAL

Fraser-Weber.

Announcement has recently been made of the marriage at Galesburg of Miss Ruth Weber, daughter of Prof. and Mrs. W. J. Weber of this city, to Leonard Fraser of Aurora. The family became residents of Jacksonville last spring, their home being at 349 East State street. Mrs. Fraser was a member of the senior class of the Jacksonville High school last year and is now a student at the Jennings seminary at Aurora. Mr. Fraser is a son of Mr. and Mrs. E. J. Fraser of his home city.

Nail-Killough.

The marriage of Albert C. Nail and Miss Ida Irene Killough, both of Alexandria, was solemnized at 1:30 o'clock Saturday afternoon at the home of Mr. and Mrs. George Flynn, 825 West North street. It was a simple, but beautiful ceremony, the ring service being used, and was witnessed by a limited company of relatives and friends of the young people. Rev. W. R. Johnson was the officiating clergyman, and the bride and groom were unattended.

After the ceremony, a delightful luncheon was served, and later Mr. and Mrs. Nail departed for their new home on a farm north of Alexandria. Their many friends unite in extending hearty good wishes.

The bride was born and reared in Texas but for the past several years she has made her home with Mr. and Mrs. Frank Foster of Alexandria precinct. She is a young woman of charming personality and has made many friends during her residence in Morgan county.

Mr. Nail is a son of the late Mr. and Mrs. C. H. Nail and has been a life long resident of the county. During the world war he served with the U. S. troops in France, and since his discharge from the army has been engaged in farming operations. He is a young man of more than usual ability and is held in highest regard in his home community.

DR. RAWLINGS HAS WIDE EXPERIENCE IN PUBLIC HEALTH WORK

There is naturally a great deal of local interest in the fact that Dr. Isaac D. Rawlings is the new director of the state department of public health. While Dr. Rawlings has not been a resident in Jacksonville for 25 years, he spent four or five years here and has visited the city occasionally since his graduation from Illinois college in 1899.

Dr. Rawlings entered the employ of the Chicago department of health in March, 1899. He has had wide experience in battling contagious diseases in various parts of the state. Dr. Rawlings has rounded out twenty-two years of continuous service for the Chicago health department, the last fourteen years having been devoted to public health work. He is a member of the Chicago Medical Society, the Illinois Medical society, the American Public Health Association, of the Chicago Press club and is active in Masonic circles.

KNIGHTS OF PYTHIAS WILL ATTEND CHURCH

The committee from Jacksonville Lodge No. 152 and Favorite Lodge No. 376 Knights of Pythias having in charge arrangements for the three days meeting have announced the annual church service of the order.

An invitation extended by the Rev. D. V. Gowdy of Centenary church has been accepted and the members of the two lodges will attend morning service there Sunday, February 20. This is the anniversary of the founding of the order.

POST O. PLANS FOR BANQUET.

Post O. of the Travelers Protective association is making a special drive for members just now and in connection with this campaign arrangements have been made for a banquet to be given at 6:30 p. m., next Saturday, Feb. 12, at the Pacific. It is expected that this will be an important social event in the affairs of the post and that a goodly number of membership applications will be received.

WILL MAKE TRIP TO SOUTH.

F. H. Unklau, Wabash freight agent, is expecting to leave tonight for Hot Springs, Ark., for a vacation. O. J. Glaze will serve as agent during his absence and Mr. Glaze's position as operator will be filled by Boone Stead of Griggsville.

"PRAY FOR MY SOUL" WEEK IN COLLEGES

This week is the International week of prayer for colleges. Throughout the world earnest prayer will ascend to God from millions of hearts for His special blessing on institutions of learning. These college students of today are the world leaders of tomorrow. Pray that they may now resolve, in purity of heart and life, to devote themselves to the program of Jesus Christ in unselfish service for the good of others.

The Woman's College will have special services each morning at 10 and

evening at 6:30. A fireside prayer meeting will be held each evening at 9:30. Services will be held all day Thursday, with sermon at 10:30 o'clock by Dr. Herbert A. Keek, of Champaign. Friends are welcome and invited to attend.

We ask the interest and prayers of all the churches, and hope that this will be made a matter of special petition at the mid-week prayer meetings. Pray for my soul; More things are wrought by prayer than this world dreams of; For so the whole round world is bound by chains of gold About the feet of God.

WILL ADDRESS FORUM AUDIENCE TONIGHT

The speaker at the Congregational forum tonight will be President Conaughy of Knox College, whose theme will be "Are Public Schools a Failure?" This will doubtless be one of the best addresses of the Forum series and there should be a large attendance.

President McCaughy is one of the youngest college presidents in the U. S., and has made an enviable reputation in the field of education. Since coming to this state two years ago he has become widely known as a platform speaker.

Have You Seen it Yet?

Does it seem possible to you that twenty five cents will actually buy anything that is really worth twenty-five cents now-a-days? Could you believe it if you saw a tooth paste of the very best on sale for twenty-five cents? Would you believe it if you saw a regular fifty-cent face powder on sale for twenty-five cents? Does it seem at all likely that there is a cold cream of real merit available for twenty-five cents? Would you like to know where you could get three cakes of the best grade toilet soap for a quarter? Can you get anywhere else a LARGE jar or vanishing cream for this same amount of money? How long has it been since you were able to buy a tooth brush of fifty cent quality for twenty-five cents? Finally, are you willing to save twenty-five or fifty cents by walking a few steps or stopping a few seconds as the case may be, to look in a window where all the above are displayed? If so on the east side of the square, next to the Elliott State Bank you will see a window with an abundance of these articles displayed. Have you seen it yet?

TWELVE IMPORTANT COGS IN LEAGUE OF NATIONS DEFINED

These are to be Set in Motion When the Council of the League Convenes in Geneva February 21—Many Important Subjects Are Outlined for the Various Committees

(By The Associated Press.)
NEW YORK, Feb. 5.—Twelve important cogs in the machinery of the League of Nations, many of which are to be set in motion when the Council of the League convenes in Geneva, Switzerland, February 21, and the problems which await their action, are defined in a forecast of the work of the League which has just been received here.

Arthur Sweetser, an officer of the American commission to the Peace Conference at Versailles and now attached to the League of Nations Secretariat staff, is the author of the forecast. He says the twelve cogs are really special commissions, the personnel of which will in some cases be designated by the Council at its forthcoming meeting.

Other subjects to be dealt with by the commission are enumerated by Mr. Sweetser as follows:

Reduction of Armaments.—Technical examination into the present condition of world armaments, now under way by the permanent Military, Naval and Air Commission of the League will be completed. In addition a temporary commission of experts in the political, social and economic world will be asked to submit plans for a reduction of armaments. The aim of this commission will be to get members of the League to agree not to exceed their present scale of armaments, to agree to a proportionate and simultaneous reduction in military budgets and to accept the principle of scientific and comprehensive reduction of armaments to the least figure compatible with national security.

Investigation of the private manufacture of munitions and war material, denounced as a "source of danger to the world" through an extended sale through the less civilized areas in Asia and Africa, will be undertaken.

Permanent Court of International Justice.—Nominations of 11 judges, chosen for a period of nine years, are to be made next summer and the selections announced at the Second Assembly to be held in September next. The list of candidates will be prepared mainly by the Hague Conference of Arbitration and all nominees will be voted upon separately by the Assembly and the Council. So far 22 nations, including Great Britain, France, Italy and Japan, have signed the protocol providing for the court whose adoption is a unanimous vote of the Assembly is held to be the greatest advance the League of Nations has yet registered in international relations.

Two important problems which had to be decided before the court begins to convene were, first, should the court have the power of compulsory adjudication? And second, should it be organized by resolution of the Assembly or submitted to ratification by individual nations? These questions were decided by the Assembly providing that those nations desiring may accept the principle of compulsory adjudication and that the organization of the court should be subject to ratification of individual nations. Action for or against the court will be taken in a number of parliaments which meet this year.

Mandates.—An international commission of nine members from non-mandatory powers, is to be appointed by the Council in accordance with an agreement reached on November 29. The question of mandates for the 13,000,000 or more people of the Pacific Islands, South Africa, Turkey and Kiaochow, freed from Germany and Turkey during the war, opens one of the least advanced of all the League's problems. Tentative drafts have been proposed by the Allied powers so that the League is now in possession of the terms of all prospective mandates. These will be analyzed and, where necessary, possible charges recommended.

International Economics and Finance.—A permanent, centralizing, economic and financial organization is to be formed within the League by the appointment of an advisory, economic and financial committee, the membership of which will be composed of leading world financiers and economists. This committee in a sense will be the successor of the Supreme Economic Council. It grew out of the Brussels International Conference and will be charged with the consideration of the immediate application of that body's recommendations.

MEN PREPARE TO SPEND YOUR MONEY

Here Are Some of the Styles That Will Be Worn This Year—Skirts Will Be Almost Circular.

(By The Associated Press.)
Chicago, Ill., Feb. 5.—Over-skirts ruffled and scalloped, caught up at one side, hanging straight to within a few inches of the hem of the skirt, but more often following the lines of an old-fashioned apron; and sashes with butterfly bows, sashes with long fringed or tasseled ends, narrow sashes, and broad soft sashes of one or more contrasting colors; make the dominant note of the gowns to be shown at the spring and summer fashion show to be held here on February 9 to 19 by the Chicago Garment Manufacturers' Association, the Wholesale Milliners' Association of Chicago, and the Chicago Furriers' Association.

The overskirt is especially in evidence in the little all-day frocks which will be shown in great numbers. They come in taffeta, crepe de Chine, and Canton crepe, and the prevailing colors are brown, grey, black and navy blue. Skirts are short, some as much as fourteen inches from the ground, sleeves stop at the elbow, and necks either are round or V shape with an occasional face collar.

A grey Canton crepe is made with a slightly bloused bodice, and a skirt trimmed with diagonal bands that fall in points around the bottom.

A black taffeta shows the little basque effect with a very full overskirt, and a skirt with a narrow white sash braid in which is repeated on the elbow sleeves.

A grey crepe de Chine has a bloused bodice, and a little bunch of French flowers finishing the soft skirt.

A navy blue taffeta has a plain bodice, elbow sleeves, and an apron overskirt of elaborate eyelet embroidery.

A grey Canton crepe has an overskirt draped up on one side under a high shawl bow.

One brown Canton crepe defies the insistent overskirt and sash. It has a little bloused bodice and a short skirt that hangs in perfectly straight lines with a narrow edge of brilliant henna around the hem, the belt, the sleeves and the collar.

Street suits to be seen have short skirts either very narrow, or flaring almost to circular. Most of the coats are arm length with a high waist line. Box coats will be shown only a few inches below the waist line in length. Girdles and narrow belts show many fringed and tasseled ends. One tan colored suit of Pointetwill has the coat slit over the hips on both sides and laced with tasseled cords.

The suppression of the trade in opium and other narcotic drugs, especially in China, is to be undertaken by an advisory committee aided by experts from all the countries involved. "The Netherlands" government which, heretofore has taken the lead in the suppression of the opium trade by co-operative action, has turned the whole problem over to the League.

In conclusion Mr. Sweetser declared that "the months between now and September are going to be full of very careful and detailed study of every phase of League interest. The League," he asserts, "instead of slowing up, is going ahead with greater intensity than ever."

HERE COMES THE MARIONETTES
The Rotary Club of Jacksonville takes pleasure in announcing that after deliberation they have definitely secured Lillian O'Connell and her famous Lillian O'Connell for two engagements at the David Prince Theatre on Tuesday, Feb. 15, for the benefit of the Macedonia camp cottage.

This is the most rare and unique entertainment of its kind in America. The dolls range in size from eighteen inches to three feet. They sing, talk and dance, and do everything the human actor does.

In the afternoon a special performance for children will be given. This performance will include a drama, "The Boy and the Beanstalk," and two hilarious children's vaudeville sketches, "Polly and Her Pals," from the comic section of the Sunday newspapers; and "Sambo and his bucking mule," Jerry.

The night's program has been designed especially for grown-ups and aside from "Hynd Horn," a beautiful musical drama, will include two other numbers the love adventures of "Gentle Alice Brown," the robber's daughter, and the entrance of movements of Mima, a three-hundred-year-old ballet dancer. Tickets, 50 cents, \$1.00 and \$1.50.

Chicago Will Ask New Criminal Laws

(By The Associated Press.)
Chicago, Feb. 5.—To aid the Chicago crime commission in its fight to lessen activities of criminals, special legislation will be asked shortly of the state legislature, Edwin W. Sims, president of the commission, announced in his annual report just issued.

The proposed new laws and amendments are designed to supplement the increased efficiency of the Chicago police force, he says, and to eliminate some of the leniency he charges pervades various state laws. Members of the Illinois legislature will be asked, Mr. Sims said, for legislation along the following lines:

To provide a Bureau of Criminal Records.

To provide that where local state's attorneys fail for a period of six months to collect forfeited bonds, the attorney-general may act, the money then going to the state school fund.

To amend the laws to provide for a minimum of 25 years on conviction for burglary and robbery.

To strike out the provision which makes juries the judge of the law.

To regulate habeas corpus proceedings.

To fix a minimum term of ten years for the theft of an automobile.

To make the use of an automobile in the commission of a crime a separate offense.

An "habitual criminal" act providing for the severe punishment of persons convicted of repeated crimes.

Repeat of the probation law and amending of the jury.

URGES RECLAMATION OF SUBMERGED LANDS
War Department Engineer Points Out Great Advantages Which Would Come With Reclamation of Lakes Michigan and Huron

(By The Associated Press.)
CHICAGO, Ill., February 5.—Reclamation of the foreshore on Lake Michigan in the Chicago district would provide nearly 100 square miles of land for wharves, warehouses and port facilities, according to a report submitted to city officials by Col. W. V. Judson, District War Department engineer.

The report calls attention to the fact that ocean liners may look at Chicago's wharves within the next fifteen years if the Great Lakes-St. Lawrence river channel project is carried out. Such an outlet to the Atlantic would connect Chicago with the sea routes of the world. The coal mines of southern Illinois and the cotton belt of the south will feel the touch of Chicago's commercial endeavor then on an eight-foot barge channel to the Mississippi.

"Never before did it seem as far to point out in prospect a region where there must inevitably and soon be established the world's greatest port facilities," the report says.

"The foreshore of Lake Michigan fronting Chicago slopes very gently lakeward," the report continues, "so that the seven-fathom contour is four miles off shore. This means that in our submerged lands, all publicly owned, the Chicago district possesses nearly a hundred square miles of land which it is within the power of man to raise into land. This is an asset of almost incalculable value."

Reviewing the sections of Chicago's lake front, Col. Judson points out that Lakes Wolf and George lie close to Lake Michigan on the Illinois-Indiana line with six square miles of marshy land adjacent. This section "offers the greatest opportunity in all the nation for the creation of wharf facilities of a character, magnitude and location suited to the demands of the future," the report says.

General plans for these harbor facilities, Col. Judson said, have been approved by the War Department, which is charged with studying harbor conditions under the Esch-Cummings law.

PICK COAL MINER HAS PASSED ON

CONVICTS ARE GOSSIPS ACCORDING TO WARDEN

Warden Thomas of Ohio Penitentiary Declares News Travels Quickly Within Prison Walls.

Columbus, O., Feb. 5.—(By The A. P.)—Calling to mind the village gossip, and how quickly news travels in a small town solved a worrisome and apparently mysterious problem, affecting some 2,000 convicts, for Warden Preston E. Thomas of the Ohio Penitentiary here.

Secret, and to all appearances, mysterious means of communication between prisoners in penitentiaries and big correctional institutions cease to be puzzling when human nature is considered in the opinion of Warden Thomas.

When Thomas took charge of the big grey stone prison here, known for the man criminal characters it has housed, including Morgan of Morgan's Raiders of Civil War times; Cassie Chadwick of more recent times, and lately "Red Shirt" Morgan and "Bully" Goldman, he was worried and puzzled at the apparently inexplicable way news of a confidential or quasi-secret nature quickly became known to the prisoners shut up in their cells.

"Prisoners are gossips, worse than any small town talker. They have nothing else to do. Their minds are working all the time. They like to talk, and whisper knowingly behind their hands. That's the answer," said Thomas.

Before he arrived at that conclusion, the warden continued, he had diligently and painstakingly probed theories of secret sign languages, unknown channels of communication, systems of rapping on cell doors, and even telegraphic means.

"I was up against it, until I sheared the problem of all its mysteriousness, and stopped to think that there is only one way news travels in any large gathering by word of mouth," Thomas continued.

"Of course prisoners had to get the word some way, investigated that and found dishonest guards and even some officials to blame. They would drop a word here and there to prisoners, whom they wanted to impress upon that the word 'in the know'."

"Prison life makes men suspicious, develops their minds to a remarkable degree. It makes inveterate gossips of them. They 'buzz, buzz,' worse than any old woman. Their minds are constantly tuned up to hear the slightest word affecting them."

Word here, another there, and their minds, with nothing else to do piece together a complete story. Sometimes they conjecture right from scraps of conversation.

"Often times, I've told a guard or official I suspected a lie, concerning the prisoners. In every instance it would be known to practically every man in the penitentiary in a short time."

"The truth is that walls have ears is true of a penitentiary. There's only one way to prevent prisoners from at least knowing a part of anything you might want to keep a secret. That is not to tell it to a soul."

ARE NOW BREEDING OUR BOYHOOD FRIEND
Artificial Bumble Bee Nests Being Built to Promote Clover Seed—Insects Are Necessary for Fertilization.

(By The Associated Press.)
Champaign, Ill., Feb. 5.—Experiments with artificial bumble bee nests have proved them to be very successful, Prof. W. P. Flint of the department of entomology at the university of Illinois reports. The bee, he says, is the greatest factor in the pollination of red clover.

"These artificial nests are buried in the ground with a funnel like snout protruding above the ground," Prof. Flint said. "In almost every case the average yield of clover seed has been greatly raised."

"In some countries, such as Australia, it has been necessary to import bees in order to produce clover seed."

"Farmers should do all they can to encourage the bumble bee to nest near the clover fields. Never destroy the bumble bee nests."

Insects, explained Prof. Flint, are the only agents for the fertilization of red clover, because it cannot be self-fertilized. Moths and butterflies help in this work but they are not abundant enough to be a great factor. Bumble bees and honey bees are therefore practically the only agents available for pollination, because they are the only insects with long enough tongues to reach into the corolla of the clover flower.

STATE TAXES DUE IN ILLINOIS COUNTIES
Amounts of Taxes and Equalized Assessed Valuation of Property Announced by State Auditor Andrew Russell.

Springfield, Ill., Feb. 5.—By the A. P.—Amounts of state taxes due from the various counties in Illinois for the year of 1920, together with the equalized assessed valuation of property in the counties, as determined by the state tax commission, were announced today by State Auditor Andrew Russell.

Property in Illinois, according to the tax commission equalized assessed valuation, amounts to \$4,234,977,183 and the total tax due, according to the rate of 40 cents on the \$100 valuation is \$1,693,999.92. The 10 cent rate was set by the state tax board, which was composed of the governor, the state treasurer and the state auditor.

Cook county's equalized assessed value is \$1,797,276,968 and its state tax is \$718,910.87. Outside Cook county the highest assessed valuation is that of McLean county, \$74,352,568, and its state tax is \$297,530.27. The lowest county is placed on Macon county—\$2,368,942 and its tax is set at \$9,635.75.

First payment of county taxes to the state treasury is due by April 15, and final settlement must be made by July 15. The county collectors have until April 1 to complete collection of the tax.

ROOM 13 TABOOED IN MANY HOTELS
St. Louis, Feb. 5.—The Illinois customarily associated with the number 13 is well recognized in the hotel business, a canvass of the leading hostilities here indicates.

In none is there a room 13 and in one of them all numbers ending in 13 have been barred. As the result, it is said, of the disinclination of patrons to occupy the quarters. Two establishments have gone further, and eliminated 13.

Hotel men say the superstition is so far as their business is concerned, is of such ancient origin, that the cause has been lost sight of.

SENATOR PENROSE SO INFORMS COMMITTEE OF AMERICAN LEGION

Would Favor Increases in Federal Taxation if Such Action is Necessary to Provide the Funds—Does Not Believe That it Can be Put Thru at Present Session of Congress

(By The Associated Press.)
WASHINGTON, Feb. 5.—An American Legion delegation was told by Senator Penrose of Pennsylvania, senate finance committee chairman today, that he would favor increases in federal taxation if necessary to provide for the proposed cash bonus for war veterans. He expressed doubt however, whether the legislation could be put thru during the present session of congress.

Senator Penrose and Senator McCumber, Republican of North Dakota, who has charge of the bonus bill, were interviewed by the American Legion representatives including F. W. Galbraith, National commander, and G. W. Bellman, chairman of the legion's committee.

Executives to Meet Monday.
The executive committee of the will meet here Monday to discuss the situation. The opinion that the American people favor adequate and satisfactory provision for soldiers, their widows and relatives was expressed by Senator Penrose to the legion representatives.

"I further told the representatives," said Senator Penrose, "that the country was in a very bad financial condition and hardly able to meet its requirements and that revenue undoubtedly would fall off to a very marked degree in the next fiscal year."

"At the same time I conceded that it was the duty of the government to provide revenue for this patriotic purpose and were it necessary that an added tax be levied, I would favor these taxes at this short session but it was obvious that this is impossible."

CHICAGO U. HAS FINE COLLECTION
CHICAGO, Feb. 5.—The University of Chicago's collection of books on American literature and the American stage has advanced to rank among the four or five best sets in the country. Professor Percy H. Boynton said here today. The only better collections are those on file in the older eastern universities, he said.

For years through American colleges the study of history and English literature," Professor Boynton said. However, with the war the growing interest in American literature was further stimulated, and it was decided to increase the university's library of such books. Many of the volumes now in the rare book room are the original and only copies extant."

Successive gifts received from Mrs. Francis Neilson of Chicago and the William Vaughn Moody collection for American literature, which permits of an expenditure of \$2,000 a year, have made it possible for Professor Boynton, with the assistance of President Judson of the University, to build up the collection to its present standing.

GOLFERS NEVER PAWN CLUBS
Cleveland, O., Feb. 5.—By the A. P.—Cleveland detectives making daily rounds of pawnshops here declare that one thing they never run across among the list of articles "hooked" is the golf club.

"Whether golfers as a class are beyond financial difficulties to the extent of pawning their sticks or whether their clubs are lost, 'to be hooked' in an emergency, is unknown but it seems that golf clubs are among the few things which may not be found in pawnshops."

MEMORIAL SERVICES AT CENTRAL CHRISTIAN
One of the best authorities on the subject of the war was A. McLean. This man of God was a great heart beat in sympathy with the program of world evangelization died recently. His loss is felt in all missionary circles of the Christian world but especially is this loss felt among members of the Christian church. Dr. McLean visited Jacksonville frequently during the past thirty years. This morning at 10:45 a memorial service will be held in memory of Dr. A. McLean. The service will be in charge of the pastor and Dr. W. R. Warren of St. Louis will deliver the address. Dr. Pontius will preach at 7:30 on the theme, "The Old Book and the New Age."

Church Services Today

State Street Presbyterian Church—Rev. W. H. Marbach, pastor; Mr. T. M. Tomlinson, S. S. superintendent; Mrs. Barr Brown, choir leader. If the church is not what you think it ought to be, come and help us. If this is your church, your presence on Sunday helps, while your absence hinders. Come and share the privileges and responsibilities of God's work and worship. Bible study at 9:30, with a Red and Blue attendance contest on. Morning worship at 10:45 o'clock. Christian Endeavor societies at 6:30. Evening service at 7:30. The pastor will preach at both services. Special evening theme: "The Religion of Abraham Lincoln." Sunday school workers note special supper on Monday when Dr. G. Verkuyl will speak. Come and bring your friend.

Trinity Episcopal church—J. V. Langton, rector; Prof. J. Y. Ames, Sunday school superintendent. On quinquagesima Sunday. Early service, 7:30; Sunday school, 9:30; Holy communion and sermon, 10:45; choir offertory anthem; evening prayer and sermon, 7:30; offertory solo.

Q&A

About Batteries

Q.—Is there really any difference in batteries?

A.—Yes, but there are really only two kinds of batteries. Those with wood separators and those with Threaded Rubber Insulation.

Q.—Is Threaded Rubber Insulation the only feature that puts the Willard Threaded Rubber Battery ahead of the ordinary automobile battery?

A.—By no means. The Willard Threaded Rubber Battery has all the improvements that have grown out of Willard's years of specialization in building starting, lighting and ignition batteries. Ask us about it.

All makes of batteries repaired and recharged. Starter, Generator and Ignition work a specialty. Brunswick Tires and Tubes.

The Congregational Church of Jacksonville—Rev. W. Ernest Collins, minister. One of the finest equipments in the middle west for purpose of religious education is at the disposal of this community. The church school meets at 9:30. Dr. R. O. Post's class for adults is open to the public. Morning worship 10:45. Music by Mrs. A. R. Gregory, Jr. and the large chorus choir in the city. Sermon subject, "A Religious Ideal." Christian Endeavor at 6:30. The fourth meeting of the Community Forum will be held at 7:30; speaker, President McConaughy of Knox college. Subject, "Are Public Schools Failing?" You will make good friends at the Congregational church.

Central Christian Church—Myron J. Pontius, minister; Bible school at 9:30 a. m.; Ben Roodhouse, superintendent. Six departments in sessions with suitable classes for all who attend. The morning worship will be a memorial service in memory and honor of Archibald McLean, a man of the brotherhood, who practically gave his life for the cause of foreign missions. Memorial address by Rev. V. R. Warren, a minister of the Disciples of Christ, known and honored by the Christian churches of the nation. At the evening service at 7:30 Mr. Pontius will preach on the subject, "The Old Book and the New Age." Music at both church services by the choir under the direction of Miss Louise Miller. C. E. services at 8:30. Miss Florence Haneline will lead the Senior society, Lucy Pontius the intermediates, Eugene Fitch the Juniors. Members, friends and strangers are cordially invited to all the services of the day.

Westminster Church—Sunday school, 9:30; Superintendent, William I. Brady. Morning worship, 10:45. Dr. Smith will preach upon "Love's Secret." The Lord's Supper will be observed after the sermon. Evening worship, 7:30. The moving picture film called "Blind Bartimaeus" will be given after which Dr. Smith will preach upon the Gospel story of "Blind Bartimaeus." Mrs. Helen Brown Read will sing both morning and evening. Intermediate Christian Endeavor society will meet at 6:30 p. m. The subject will be "Thy Kingdom Come In My Home." Matt VI: 1-15. Leader, Miss Helen Kaum. Young People's society will also meet at 7:30, having the same topic, with Mr. Glenn Weaver as leader. The men of Westminster church will unite with those of the Congregational church in the "Father and Son" supper to be held at the latter church next Thursday evening.

Northminster Presbyterian church—Walter E. Spooner, minister. Preaching at 10:45 a. m. and 7:30 p. m. by the pastor. Morning subject: "The Lamb Slain." Text, Rev. 5:12. Evening subject: "The Most Important Question Ever Asked." Text, Matt. 27:22. Sunday school at 9:30 a. m. William Bieber, superintendent. Christian Endeavor at 6:30 p. m. Team No. 4 will serve the banquet for the Father's and Son's gathering next Wednesday evening at 4:30. There will be a special program for this occasion. The fathers are expected to bring their sons, and if they have no son they will borrow one. There will be a Mother's and daughter's banquet at the same time, fathers and sons on one side of the house and mothers and daughters on the other. Watch the Sunday school grow. Three hundred is our goal.

Centenary M. E. church—D. V. Gowdy, pastor. Sunday school at 9:30. A. C. Metcalf, superintendent. Morning worship at 10:45. Epworth league service at 6:30. Evening worship at 7:30. Open meeting of the Boy Scouts on Monday evening at 7:30. Father and Son banquet on Thursday evening.

Mt. Emory Baptist church—Services at 11 o'clock a. m. and at 7:30 p. m. Brother S. S. Waddell will preach. Sunday school at 2:30 p. m. The classes are trying to excel in raising funds to beautify the interior of the church. The primary department gave a very excellent entertainment Thursday night entitled "The Sacrifice of Sin" which was a great success. Great credit is due the superintendent of the primary department, Mrs. Ellis Moore, and her assistants.

Salem Evangelical Lutheran church, East College street—Rev. J. G. Kappeler, pastor. Quinquagesima. Sunday school at 9:30 a. m. Public worship in English at 10:30 a. m. and 7:30 p. m. The Ladies' Guild will meet next week. The Concordia league will meet Thursday evening. A cordial welcome to all.

First Church of Christ, Scientist, 23 West State street—Services held Sunday morning at 11 o'clock. Subject of the lesson sermon: "Spirit." Sunday school is held at 9:30 a. m. Wednesday evening testimonial meeting at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the church services and to visit the reading room.

Grace Methodist Episcopal church—Thomas H. Tull, pastor. Sunday school at 9:20 a. m. T. V. Hopper, superintendent. Some one will be looking for you in that class. Do not disappoint them. If you go, some one else will follow your example. Morning worship at 10:45. Theme of sermon: "The Call of Matthew."

At this service Rev. Emerson Tull, who sails this month for Africa, will occupy a part of the time. Epworth league at 6:30 p. m. B. F. Lane leads the meeting with the topic "Modern Progress, Modern Uprightness." Evening worship at 7:30. Theme of sermon: "Duty to Parents." This will be the fifth in the series of sermons on the Ten Commandments. Splendid music at all services. Offerings will be received at the morning service for the famine sufferers of China. A generous offering for the sufferers of Central Europe was made a few weeks ago. It is hoped this offering will be still better, as the need is still greater and far more extensive.

Brooklyn M. E. church—J. H. Reid, Sunday school superintendent; G. W. Randle, pastor. Public worship at 9:30 a. m. and 7:30 p. m. Morning theme: "The Deceitfulness of Riches." Evening: "New York, a Great Missionary Field." Illustrated with stereopticon views. Epworth league and Junior league at 6:30 p. m. The Second Stewardship Excursion will be held next Wednesday evening. Subject: "Stewardship Landmarks." Refreshments will be served and points will be reported on the reading contest.

First Baptist church—Rev. A. A. Ford, pastor. Sunday school at 9:30. During the regular morning service a program in keeping with Father and Son week will be given. Regular B. Y. P. U. service at 6:50 in the evening. On account of the illness of the pastor there will be no evening preaching service.

WINTHROP AMES GOES TO EUROPE FOR MARIONETTES

Winthrop Ames, the noted New York producer, is now in Europe studying the marionette organizations there. It is his intention to return to America with a complete company of foreign puppets, and to present them in his New York theater next season. It is rumored that he is planning to do elaborate and difficult things with them, perhaps even attempting one of Shakespeare's tragedies.

Mr. Ames first became interested in the marionettes when he saw the remarkable individuality and human-like quality of the dolls which Lillian Owen designed for some of Tony Sarg's productions. This move of Mr. Ames is interesting because it is the first time a large theatrical producer has seen in puppets the possibilities for commercial venture.

UNCLAIMED DISCHARGE CERTIFICATES

The Finance Office of the War Department has in its files 6,600 original discharge certificates which were sent in by ex-service men in support of claims for additional travel pay, arrears in pay or the \$60 bonus, and for which that office has no proper mailing address. In some cases checks in payment of the claims are attached.

Applicants for discharge certificates should be sure to give all of the following data:

Full name, (including middle Christian and surname).
Rank, organization and station at time of discharge.
Army Serial Number.
Date of Enlistment.
Date of Discharge.
Present Address.

Address to which discharge certificates should be mailed.

The above data MUST be given in the applicant's own handwriting and MUST be signed by him with full signature. "General delivery" will not be accepted by the Department as an address. Applications for these discharge certificates should be sent to "Miscellaneous Division, Finance Office, U. S. Army, Washington, D. C. The office of the Morgan County Red Cross will give the necessary help in applying for these discharge certificates.

INCOME FACTS YOU SHOULD KNOW

The revenue act of 1918 under which the income tax for the year 1920 is being collected provides that in the taxpayer's returns gross income from whatever source shall be included, "but" The word "but" is important, because following it is a list of items which are specifically exempt from taxation. Among these are:

The value of property acquired as a gift by will or by inheritance. The income from such property, however, is taxable. Proceeds of life insurance policies.

Returns of premiums on life insurance, endowment, or annuity contract.

Amounts received thru accident, or health insurance, or under workmen's compensation acts, plus the amount of damages received, whether by suit or agreement.

Interest on obligations of any state, or any city, town, county, or village and the District of Columbia. Interest on obligations of the United States is exempt from taxation, except that interest on obligations issued after September 1, 1917, is exempt only to the extent provided in the Liberty loan acts.

Interest on securities issued under the provisions of the Federal farm loan act of July 17, 1916.

Interest on Liberty bonds to the par value of \$5,000 is exempt from all taxation. Holders of large amounts of Liberty bonds are advised to consult their bankers or collectors of internal revenue as to their exemptions.

None of the above items is taxable (with the exception of securities issued under the provisions of the Federal farm loan act and Liberty bonds), but must be shown in the taxpayer's return.

Persons in active military or naval service are entitled to an exemption of \$3,500 from amounts received for such services.

This exemption is in addition to the personal exemptions of \$1,000 for single persons and

\$2,000 for married persons and heads of families.

Salaries paid employees of a state or "political subdivision thereof," such as a city, county, town, or hamlet are also exempt from taxes. This applies to school teachers, policemen, firemen, and all such employees, but does not apply to employees of Federal government or to employees of the District of Columbia, or to employees of the District of Columbia, part of whose salary is received from the federal government.

With respect to any taxable income received in 1920 from other sources the taxpayer is subject to all provisions of the law and must file a return on or before March 15, 1921. If such other income amounted to \$1,000 or \$2,000 or more according to his status as a single or married persons.
